OFFICE, 155 FRANKLIN ST., BOSTON.

THE
New England Business Directory
AND GAZETTEER
FOR 1889.

(THE FIRST EDITION WAS PUBLISHED BY US IN 1856.)

A very Valuable Book of Reference to every Business Man.

CONTAINING CAREFULLY COLLECTED LISTS OF THE

Merchants, Manufacturers, Professional and other Business Men throughout the six New England States, classified by Business, Town, and Post-Office,

Banks, Savings Banks, Insurance, Manufacturing, Gas-Light and other Incorporated Companies, Newspapers, Colleges, Academies, Railroads, Expresses,

Together with other useful information often required in the COUNTING-ROOM.

A New Feature, especially valuable to Lawyers and others, is the

REGISTER OF STATE AND COUNTY OFFICERS, COURTS, ETC.

ALSO A COMPLETE

NEW ENGLAND GAZETTEER,

Comprising a concise description of the Cities, Towns, County Seats, Villages, and Post-Offices, showing Population, Telegraph and Railroad Stations, Money Order Offices, etc.

A STEEL PLATE MAP OF NEW ENGLAND ACCOMPANIES EACH BOOK.

The whole forming a large Octavo Volume of about 2000 pages, handsomely printed on fine paper, and substantially bound, being a complete Guide to the Business Interests of the six States. Notwithstanding the constantly increasing size of the work, the price remains as heretofore,

SIX DOLLARS.

Advertisements inserted at reasonable prices, and each advertiser will receive a copy of the book, without extra charge.

MANCHESTER
STREET DIRECTORY,

GIVING the location of the Streets, Places, and Squares, and showing what other streets, etc. run from them, or across them, with the number at which they intersect. From this list, the location of any number on a street, or the location of any public building can be easily ascertained; as for instance, wishing to know at what part of Hanover street the Opera House is located, you look at Hanover Street, on page 21, and find it at No. 34, on the left hand side, between Elm and Chestnut. When a street crosses another, numbers (or ciphers) are given on *both sides;* but when it commences or ends on that street, the number is given only on the side at which it intersects. Ciphers are used where no numbers exist.

Gentlemen:

It gives us pleasure to report that the house, which is printing our "Scrap-Book" pamphlet, states that the electrotypes we sent (made by you) are the best it has used.

We would further say that we do not recall any imperfect electrotype, among the thousands you have made for us, during the past several years.

Very sincerely yours,

AMOSKEAG SAVINGS BANK,

867 Elm St., Manchester.

ASSETS, - - - OVER $4,000,000

DEPOSITS PUT UPON INTEREST THE FIRST DAY OF EACH MONTH.

Taking stock and bonds at their market value, the bank would show a surplus, October 31, 1888, of over $500,000.

Four per cent. dividend declared the first of July in each year, and passed to credit of the depositors same day. An extra dividend of one per cent. was paid July 1, 1885, July 1, 1886, July 1, 1887, and July 1, 1888. Hereafter an extra dividend will probably be paid each year. The success of the bank in past is the best guarantee for the future.

Do not buy any more "Poor Rubber Hose," but put your money in the

"SPIRAL" COTTON HOSE.

Lighter, Cheaper and Better than the Best Rubber Hose.

Made on the same principle as the rubber lined hose used in Fire Departments, which last for years.

The cotton duck used in all rubber hose draws in water wherever exposed, as a wick absorbs oil, and being confined by rubber generates a sulphurous gas, quickly destroying the best rubber hose. The "Spiral" Hose having no outside covering to imprison the moisture, will dry like a towel.

There are imitations, so buy only that which has one red line running through it, and which is branded "Spiral," patented March 30, 1880. If your dealer does not have it in stock let him get it.

Samples mailed to any address for six cents.

Surgical and Dental Instruments,

Besides a complete assortment of articles intended for the exclusive use of the Medical and Dental professions, have always in store, at the lowest prices, a great variety of the following articles, suited to the wants of the general public.

Self-Propelling Chairs for Invalids.

Anti-Dust Respirator.
For Workmen in Paper Mills, Factories, Etc.

TRUSSES.

A LARGE ASSORTMENT OF BEST PATTERNS from which to select, to meet the requirements of each case. If convenient, persons requiring Trusses should call at our establishment, where they can have a suitable Truss carefully fitted by a competent and experienced person familiar with the anatomy of hernia. When a call in person is impracticable, a careful description should be sent, stating whether the rupture is on the right or left side; also the measure around the person, two inches below the top of the hip bones. If the rupture is at the navel, the measure should be around the body at the navel.

N. B.—Ladies attended by those of their own sex.

ELASTIC HOSE,

For Varicose Veins, Swollen Limbs and Weak Joints. Of these goods we have several classes of silk and cotton, possessing different degrees of elasticity; the stout silk being usually the most satisfactory. The sizes are full length (of leg), three-quarters, half, or knee hose, knee caps and anklets. Unusual sizes made to order. Also

STEAM AND HAND ATOMIZERS IN GREAT VARIETY.

NASAL DOUCHE,

Elastic and Spring Abdominal Supporters, Shoulder Braces, Suspensory Bandages, Apparatus for Weak Ankles, Bow-Legs, Club-Feet, etc. Also Crutches of various and most improved kinds; Syringes, Rubber Urinals to wear on the person day or night, for Males and Females; Galvanic Batteries, Hearing Trumpets, Auricles, and Conversation Tubes for the Deaf; together with many other articles for the use of the Sick and Invalids.

A GOLD MEDAL has lately been awarded us by the Middlesex Mechanics' Association, as will be seen from the following report, signed by a leading New England Surgeon and Physician:—

"1503. CODMAN & SHURTLEFF, Boston, Mass. One Case Surgical Instruments and Atomizers. The Committee have no hesitation in awarding for this superb exhibition the highest premium. * * * The various other instruments for inhalation of atomized liquids, and for Local Anæsthesia, were all apparently faultless, both in design and workmanship. The exhibitors are regarded as more especially deserving of the highest token of merit for having produced nothing except their own manufacture.
GOLD MEDAL. (Signed), GILMAN KIMBALL, M. D., Chairman."
